14 full week spots and 2 part time spots!

What will a classroom with mixed ages look like?

The students will all be working on the same theme and general activities. Teachers will adapt the lesson to meet the needs of the needs of all students in the classroom.

These groups will be fluid. As we all know age does not determine ability. Students will be supported and challenged as appropriate for their personal development.

Is this a Daycare, Preschool or Pre-K?

This is a school for young children that offers the academics of a traditional Preschool/PreK with extended hours.

This offers our students more time to learn through play, explore and have FUN!

Thank You!

Hope to see you soon!
